British Indian Ocean Territory (BIOT) Overview: The British Indian Ocean Territory (BIOT) is an overseas dependent territory of the United Kingdom that was established in 1965. The BIOT is ...

The solutions to the climate challenge require a substantive transformation of the current socio-economic development paradigm, including industrial change. This is not just about some technical changes to energy production or transport systems. What is required is a redefinition of the predominant model of production and consumption.

Collectively, the UKOTs host a permanent civilian population of approximately 250 000 (not including the British Antarctic Territory, South Georgia and the South Sandwich Islands, and the British Indian Ocean Territory).
