

What is a WECO battery?

WeCo batteries are based on LiFePO₄ technology, lifetime - 8000 cycles. The advantage of these lithium batteries is that they can be easily expanded by adding additional modules. When purchasing 1 WeCo 5k3 5.3 kWh module, the system can then be easily expanded with 4 more battery modules and thus increase the battery storage capacity to 26.5 kWh.

What is the capacity of a WECO lithium battery?

The WeCo lithium battery with a capacity of 5.3 kWh is also suitable for smaller solar applications of island systems and also as battery storage for hybrid photovoltaic power plants (HPPV). WeCo batteries are based on LiFePO₄ technology, lifetime - 8000 cycles.

What is a WECO 5K3 lithium battery?

The weco lithium battery is one of the best storage systems that can be purchased on the market. It is the only lithium battery model on the market patented to operate in high and low voltage thanks to a double BMS. WeCo lithium battery has a 10-year warranty. The main advantages of WeCo 5k3 lithium batteries are:

Can a WECO battery be used at high voltage?

The WeCo lithium battery, thanks to its double BMS, allows double operation. At high voltage we can build systems up to 561.4 kWh. The use of the weco BMU is essential for working in high voltage. See compatible inverters in High voltage. Some examples of high voltage configurations:

How long does it take to get a WECO 4k4 battery?

Delivery in 2-3 weeks. The 48v WeCo 4k4 4.95kWh lithium battery is one of the most advanced lithium batteries on the market. It has 7000 discharge cycles at 90%. We can use up to 25 batteries to obtain a maximum storage capacity of 111.5 kWh.

What color is a WECO lithium battery?

Black color model. The weco lithium battery is one of the best storage systems that can be purchased on the market. It is the only lithium battery model on the market patented to operate in high and low voltage thanks to a double BMS. WeCo lithium battery has a 10-year warranty.

Die 48v WeCo 4k4 4,95kWh Lithiumbatterie ist eine der fortschrittlichsten Lithiumbatterien auf dem Markt. Es hat 7000 Entladezyklen bei 90%. Wir können bis zu 25 Batterien verwenden, um eine maximale Speicherkapazität von 111,5 kWh zu erreichen.

You may feel secure knowing your energy is being stored affordably and dependably with the WeCo Energy Storage System. High storage capacity (4.4kWh) Built in battery management system (BMS)

Austria weco battery price

The Weco 5K3XP battery is a lithium battery with a capacity of 5.3 kWh and 48V. It is suitable for both residential and commercial use and can be used for various applications, such as solar energy storage, backup systems and off-grid systems. It is very easy to install and is compatible with most inverters on the market today.

100 Ah, 48 VDC, 5200 Wh, voltage range 46,5...58,4 VDC, charge current 100 A, discharge current 100 A, cycles 7000, lithium battery LiFePO4, interface (CAN, RS232, RS485, Bluetooth, WiFi), IP20, serial/parallel. The Weco ESS is a modular, ...

Weco 5K3 Dual HV/LV 48v lithium battery pack has dual BMS to be used in high and low voltage. It has more than 7800 100% discharge cycles. Through its Wi-Fi accessory we can monitor via app and it supports 5G.

The WeCo lithium battery with a capacity of 5.3 kWh is also suitable for smaller solar applications of island systems and also as battery storage for hybrid photovoltaic power plants (HPPP). WeCo batteries are based on LiFePO4 technology, lifetime - 8000 cycles.

The weco lithium battery is expandable and allows you to connect up to 8 batteries in parallel without accessories with the internal BMS up to 36 kWh. The weco 4k4 lithium battery is supplied as standard with the accessories to be installed on the wall (recommended for a single unit) or stacked (recommended for 2 or more units) using the ...

Hochvoltbatterie Weco W4 XP - die neue Batteriegeneration ist W-LAN und Bluetooth fähig mit mit einer App zu überwachen. Der Weco Battierturm ist inkl. der Verkabelung auf den Azzurro Wechselrichter abgestimmt und lässt sich einfach installieren.
