

Bermuda electrical and solar solutions

Who is Bermuda Engineering Company Limited?

Bermuda Engineering Company Limited was founded in 1935 by Gordon Hamilton Burland, a Bermudian renewable energy pioneer and engineer. Back then, he built the first clean energy microgrid in Bermuda and demonstrated bold energy leadership for his time. In 2010 the company was reinvigorated and has been operating as BE Solar since.

How can solar panels be used in Bermuda?

Deploy solar panels in discrete locations to meet Bermuda Government and satisfy listed building planning regulations. Optimize available ground space and create economies of scale while effectively addressing aesthetic considerations. Construct a dedicated facility designed for solar installation that doubles as a shade provider or carport.

Who is BE Solar?

Back then, he built the first clean energy microgrid in Bermuda and demonstrated bold energy leadership for his time. In 2010 the company was reinvigorated and has been operating as BE Solar since. As a holistic energy solution company, we help residential and commercial properties save money and reduce the consumption of fossil fuel.

What is a Bermuda roof mounting system?

Our roof mounting system has been engineered specifically for Bermuda roofs. Unlike other systems that rely on Aluminum mounts and sealants that can break down and corrode over time, every single fiber-reinforced concrete and Stainless Steel penetration BE Solar installs provides a tough and leak free connection for decades.

BAC Group is Bermuda's foremost integrated provider of Air Conditioning, Electrical, Solar, and Plumbing services. We also excel in Energy Management, Renewable Energy Solutions, Fire Detection and Protection, Heating, Indoor Air Quality, Backup Generation, Refrigeration, Insulation, and offer a variety of Professional Engineering Services.

BE Solar expertise spans from finance and design to engineering, installation and electrical, with the most certifications of any Bermuda team. We carry the highest quality solar, battery and energy solutions to withstand Bermuda's extreme climate and hurricane force winds. Inquire for your custom sustainable energy solutions proposal today!
