

Bhutan provaris energy

Who is provaris energy?

We're connecting the world to a clean energy future. Provaris is as an early mover in the future of energy, developing integrated green hydrogen projects for export to regional markets through the simplicity and efficiency of compressed hydrogen. On 3 May 2024, Provaris Energy Ltd announced that it is undertaking a Share Purchase Plan (SPP).

Who is provaris?

More details here. Provaris is the 100% developer of a 2.6 GW renewable green hydrogen project for export markets into Asia, located on the Tiwi Islands, Northern Australia.

Is provaris an impact investment?

While our business and future projects can create inherent positive impact, the adoption of the WEF framework has already paid ESG dividends. Provaris will update the market regularly on its ESG progress and seek to ensure the company remains an impact investment for shareholders and local communities.

Why does provaris support all the development phases of a project?

The choice to support all of the development phases of a project is in line with Provaris' strategic desire to develop and invest in profitable hydrogen projects across the value chain, with a measured risk profile, and to retain an equity position of these assets over the long term.

When does provaris energy offer a share purchase plan (SPP)?

On 3 May 2024, Provaris Energy Ltd announced that it is undertaking a Share Purchase Plan (SPP). The SPP Offer Booklet and application website is available here. The offer closes at 5pm (AWST) 31 May 2024.
