

# Brunei solar panels house

This B\$20 million solar farm is named "Tenaga Suria Brunei (TSB)" and is located in Seria. With a nominal capacity of 1.2 kWp, the farm covers an area of about 12,000 sq meters with exactly 9,234 pieces of solar panels!

At the moment, there is no regulatory governing the installation of solar panel in Brunei. Companies follow international standards for solar PV systems that convert solar energy into electrical energy, as well as for all the elements in the entire system.

BPC proudly announce the commencement of the 1st solar PV system project to be made live in December 2020. The in-house pilot project highlights BPC's first endeavour to support the Brunei Government's 2035 vision of achieving a ...

BPC proudly announce the commencement of the 1st solar PV system project to be made live in December 2020. The in-house pilot project highlights BPC's first endeavour to support the Brunei Government's 2035 vision of achieving a substantial contribution by renewable energy sources to Brunei's energy demand.
