

Can metal piggy banks pass security checks in china

Are power banks banned in China?

Power banks without 3C certification (China Compulsory Certification) are banned for domestic flights since June 28,2025. Notably,this regulation does not apply to foreign passengers taking international flights.

Are power banks allowed on domestic flights in China?

Since June 28,China has imposed a ban on non-approved power bankson domestic flights. Only power banks that have the China Compulsory Certification (CCC or 3C) are allowed. CCC is China's national mandatory safety and quality standard. This restriction comes on the back of a spate of mid-flight fires caused by power banks.

What is a 'power bank Cemetery' on TikTok?

Dubbing it "power bank cemetery",the TikToker's post is actually a scene from an airport in Xinjiang,China,where the numerous power banks are actually those that have been confiscate by security and immigration officers. Since June 28,China has imposed a ban on non-approved power banks on domestic flights.

What if a passenger refuses a security check?

Passengers shall accept the security check according to the relevant regulations before entering the subway stations. Security inspectors have the right to stop any person from entering the stationif he or she refuses to undergo the security check. Passengers are not allowed to take items prohibited by relevant laws and regulations into stations.

Can a foreign passenger take a power bank without a 3C label?

Notably,this regulation does not apply to foreign passengers taking international flights. If an international passenger fly into or out of China and don't take domestic flights,it's allowedto take power banks without 3C labels. All the power banks manufactured and sold in China after August 1,2024 are marked with clear 3C labels.

Why are there heaps of confiscated power banks at China airports?

Heaps of confiscated power banks at China airports are becoming a common sight because of the recent rule that China has imposed. Looking at TikToker @meaijeaw's video of heaps of portable chargers strewn in boxes,you could easily mistake it for a shop having a big sale on power banks.
