Renewed Slogan and Mission: Greentech Renewables strives to be the most trusted distributor in the renewable energy industry, providing customers with the tools, resources, and services to design, finance, sell, and install ...

Solar distributor CED Greentech has rebranded as Greentech Renewables to emphasize its commitment to leadership in the renewables industry. Greentech Renewables keeps its core values of service, integrity and reliability.

ATLANTA - Georgia energy regulators have authorized Georgia Power Co. to move forward with plans to buy 970 megawatts of solar power from five other utilities.

The 30-year power purchase agreements are part of Georgia Power's renewable energy programs included in its 2019 Integrated Resource Plan. The new PPAs include CED Timberland Solar, 140 MW; Decatur Solar Energy Center, 200 MW; Double Run Solar, 220 MW; Wadley Solar, 260 MW; and Washington County Solar, 150 MW.

With industry-leading service and equipment, Greentech Renewables helps solar contractors install top quality solar PV systems, gain competitive advantage and grow their business.

Georgia Power Co. is delaying by a year power purchase agreements for 970 MW of solar projects. The
