On May 29, Chad's government Facebook posted a message saying that on May 9, Chad's President

Chad sun power solutions ltd

Mohamed signed a decree announcing the granting of 100 hectares of dedicated land to the Ministry of Energy for the construction of a photovoltaic power plant with a generating capacity of 35MW.

2 · This important project is part Chad's Desert to Power plan. It will increase power supply by 20% and pave the way for the country's energy transition from expensive, polluting fuel-based power to clean energy. The project will build two solar power plants in the outskirts of N"Djamena, each able to produce 15-megawatt peak of electricity.

3 · The Board of Directors of the African Development Bank Group has approved funding worth EUR 28 million to build solar power plants in Gassi and Lamadji, Chad. This is part of the Bank's Desert to Power program to increase ...

The Republic of Chad, backed by World Bank funding for the Regional Urgent Intervention Project in the Solar Energy Sector (RESPITE), invites eligible consulting firms to express their interest in providing services for the construction oversight of a 30MWac Photovoltaic power plant, 60MWh Storage System, 90 KV line, and a 90/33 Kv substation.

The advanced PV system, designed and installed by Aptech Africa, features a standalone ground-mounted 78kWp solar PV minigrid with a 324kWh battery bank storage, utilizing Ulica solar modules, Alpha ESS inverters, and Lithium-ion batteries. The system includes a remote monitoring feature, providing real-time updates on performance.
