

Chile agr power limited

Who is AGR power?

AGR Power is a leading London-based renewable energy and sustainable infrastructure developer. Since its inception in 2011, the company has delivered over 55 projects across solar, wind, energy storage, and sustainable agriculture assets, deploying over £850m of capital and connecting over 1.1GW of renewable energy to the UK markets.

What does AGR do?

At AGR we specialise in innovative development, funding, structuring, and delivery models, which enable us to deliver clean and low carbon energy projects that meet the needs of our partners, be it a fund, multinational organisation or large-scale farming business.

Who are railpen & AGR?

Railpen is one of the largest pension managers in the UK responsible for managing £34b of assets on behalf of over 350,000 members. AGR is one of the leading sustainable infrastructure developers in the UK, having delivered more than 55 projects totalling over 1.1GW of renewable power to support the UK's energy transition and food security.

AGR was founded in 2011 to address the early FiT solar and medium-scale wind markets in the UK, with a commitment to renewable energy projects that tackle the global issues of energy ...

At AGR we specialise in innovative development and delivery of large-scale renewable energy and sustainable agricultural projects that provide essential clean, sustainable energy and food security for communities, institutions, and blue-chip industries.

AGR has some of the best people in the business who, day-in, day-out challenge, pioneer and work hard to deliver a quality of service that is second to none. AGR - an ABL Group company - is a multi-disciplinary engineering consultancy, resourcing, and software provider.
