

Cytek solar TÄ¼rkiye

Cytek Solar Ltd was established in 2018 to offer solar solutions to businesses and communities in East Africa. We design, supply and install solar energy systems for homes, businesses NGOs and Government institutions. To achieve optimization we offer an IOT driven platform coupled with smart energy meters and switches for power management.

We are a Renewable Energy company based in Nairobi, Kenya, offering solar solutions to the African Residential and Business sector, as well as IOT driven load management solution to ensure minimal wastage of the generated power.

We customize solar systems for residential use according to the appliances in the house and the budget. Before buying a solar system for your home, it is prudent to calculate your load(house hold appliances) so as to determine the size and number of panels, inverter capacity and battery storage capacity.

Cytek Solar is a renewable energy company based in Nairobi, Kenya, providing solar solutions to the African Residential and Business sector. They offer home solar systems, commercial solar systems, solar flood lights, batteries, solar street lighting, and borehole solarization services.

Cytek Solar Systems allow you to save your money without compromising your electrical loads and consumption. Smart Home Integration By optimizing energy through our IOT meters, the Remotely controlled home Solar System allows smart integration at the touch of a button.
