

Dominica kit solar 700w

Solar technology enables us to use renewable power sources such as the sun to an increasing extent. With the development of the Solis 700-4G has made it possible for smaller solar installations, consisting of just a few panels, to contribute to a durable energy provision.

This 700w Large Solar Panel Kit is designed for off-grid, campervans, motorhomes and yachts/boats. The included Victron SmartSolar MPPT 150/45 charge controller ensures maximum power output and battery charging efficiency.
