Why did SHV acquire EM3?

At SHV Energy, we are striving to make a significant contribution towards the energy transition. To support this strategy, in 2020, we acquired EM3, one of the world's leading industrial energy management and transition partners. The EM3 Team

EM3 focused on bring the opportunities that save cost, energy and carbon on industrial facilities through specialist design and construction. EM3 quickly became a global business developing strong links with corporations with worldwide operations.

Energy Management Solutions for Manufacturing Sites: Drive Sustainable Progress in Pharma & Food Industries with Significant Savings with EM3.

# Em3 energy Finland

EM3 (Energy Metrics Monitoring and Management), an SHV Energy company, offer bespoke energy management services that adopt a collaborative approach to achieving excellence by providing expert support. Using innovative methods, EM3 distil big data to identify and quantify inefficiencies in manufacturing processes and utilities.

In November 2020, EM3 became part of the SHV Energy family of companies, which was a major signal as to the intentions of this energy giant. SHV Energy has been a family-owned energy giant for over 125 years, and over that time has had to make several major shifts as energy use evolved from a coal-based business through oil and LPG.
