Find company research, competitor information, contact details & financial data for eMatrix Energy Systems, Inc of Royal Oak, MI. Get the latest business insights from Dun & Bradstreet.

Who is EMatrix Energy Systems. eMatrix is an energy technologies company that provides custom and affordable energy solutions for both transportation and stationary applications. We are making the latest battery technologies accessible to everybody, everywhere.

Our unique combination of patented designs, efficient manufacturing, and an agile engineering team allows us to easily and affordably adapt our products to each customer's needs. We are going to be a major player in the multi-billion dollar energy storage market, which ...

How eMatrix is changing the game. Battery systems are complex and expensive with much of the cost to develop a custom battery application coming in the design and prototyping phases. Large OEMs overcome these upstream challenges through economies of scale, but for the mid-sized to smaller companies, it becomes simply cost prohibitive.
