

Estonia circor energy

Who is Circor energy?

CIRCOR Energy is a market-leading, global provider of integrated flow control solutions in the expanding and evolving oil and gas industries, specializing in highly engineered valves and pipeline products and services.

What does Circor do?

CIRCOR delivers pump & valve systems and custom engineering & design services designed to address the most mission-critical and severe-service applications. On land and sea, in air and space, and under the ocean's surface, when failure is not an option, the most trusted name in critical fluid handling is CIRCOR. If it is flow control, it's here.

Why should oil & gas customers choose Circor?

The escalating number of environmental regulations and significant power needs in refineries. Customers turn to CIRCOR for fluid-handling solutions that transfer critical fluids without interruption and keep equipment running at peak efficiency. Because failure is not an option in oil & gas.

Why should you choose Circor?

CIRCOR is a hub for comprehensive flow control solutions engineered to meet the highest standards for the most demanding applications. PRODUCT FINDER We're ready to put our industry-tailored experience and solutions to work for you. Trusted brands to solve your toughest problems.

Why should you choose Circor terminal station solutions?

Move fluids with speed and precision by having the right people and technology in place. Backed by a team of knowledgeable specialists, CIRCOR terminal station solutions ensure efficiency flows downstream, whether you're charged with loading and unloading fluids or storing, redistributing and consolidating them.

What brands do Circor use?

In fact, CIRCOR's trusted brands - Allweiler®;, Imo®;, Houttuin(TM), Tapco Enpro, Delta Valve, Tushaco®;, RTK®;, Schroedahl®;, Warren®; and Zenith®; - help move more than 4.5 million barrels of crude every day, with our unique ability to deliver:
