

Fire emergency solar container lamp

Why should you buy a sunbell solar lamp?

Reliable light means safety, comfort, and connection. Whether you're preparing for emergencies, studying off-grid, or supporting humanitarian relief efforts, the SunBell solar lamp delivers dependable solar-powered lighting and device charging anytime, anywhere. Since 2014, 4.3 million SunBells have been delivered worldwide.

Are LuminAID solar lanterns good for disaster relief?

LuminAID's solar lantern technology was invented for humanitarian aid, and all of our products are designed to meet the specifications of disaster relief. LuminAID solar lanterns have been used after major hurricanes and by nonprofits in over 100 countries.

Why do you need a solar lantern if the power goes out?

When the power goes out, you need a reliable source of light. LuminAID's solar lantern technology was invented for humanitarian aid and is designed to meet the specifications of disaster relief.

What are LuminAID solar lanterns used for?

LuminAID solar lanterns are used for quick illumination in an emergency. They have been used by thousands after Hurricanes Maria, Harvey, and Irma and for disaster relief around the world. LuminAID's intuitive design makes it easy to carry, hang, or place.

How should I choose an emergency lantern?

When choosing an emergency lantern, consider construction, brightness, and durability. LuminAID's lanterns have a 2-year storage life in the solar battery, are 100% waterproof and dustproof, and even float in water. Longevity is also an important factor to consider.

How do you use a sunbell lamp?

Flip lids protect both the solar charging and USB ports, ensuring durability in harsh conditions. The lampshade diffuser softens and spreads light evenly across a wide area, eliminating glare and making SunBell ideal for general room lighting. Use as a torch. Simply pull the unit out from the lamp shade.
