Will caterpillar invest in lithos energy?

Deal will help to accelerate the development of Caterpillar's electrified product portfolio IRVING, Texas, Jan. 6, 2023 /PRNewswire/-- Caterpillar Inc. (NYSE: CAT) announced the company is investing in Lithos Energy, Inc., a U.S.-based battery technology company that produces lithium-ion battery packs.

Who is lithos energy?

Lithos Energy, Inc. is a San Francisco based engineering firm that designs, builds and integrates lithium-ion battery systems. Founded by two MIT engineers who had previously worked for some of the biggest electric vehicle companies in the United States, Lithos Energy provides custom energy storage solutions to a range of markets.

What makes lithos a great battery company?

Founded by highly regarded alumni from MIT and Tesla, Lithos is proud of its unwavering commitment to engineering excellence. The company's world-class team is dedicated to pioneering battery innovation and providing exceptional customer service.

Where are lithos batteries made?

Made in California. Built Purpose Tough. Exceptional Battery Technology from World-Class Engineers. In nearly a decade of lithium-ion battery technology innovation, Lithos has established itself as the global leader in high performance battery systems engineered for demanding use.

Who uses lithos technology?

Our innovative technology enables industry-leading power and energy density- with hallmark Lithos application-specific dependability and safety. Industries served include automotive, e-mobility, marine, off-highway, energy storage, defense, construction, mining, and agriculture.

What makes lithos unique?

In nearly a decade of lithium-ion battery technology innovation, Lithos has established itself as the global leader in high performance battery systems engineered for demanding use. Our proprietary battery technology innovation gives clients step-leaping customization that can take products to market faster with ultimate modular compatibility.
