Who is SolarWorld Africa?

SOLARWORLD Africa (Pty) Ltd has the fine track record of being one of the most established and longest standing importers and distributors of solar products on the African continent. The company has been serving solar markets in Sub Saharan Africa and North African since 1984 and will soon be celebrating 40 years in existence.

Who is SolarWorld AG?

The group controls the development of solar power technologies at all levels in-house. SolarWorld AG is listed on the Frankfurt Stock Exchange, the Photovoltaik Global 30 Index and the DAX.

Who owns SolarWorld?

The German facilities of SolarWorld were purchased by its founder Frank Asbeck in conjunction with Qatar Solar Technologies. Three days later, an appeals court upheld the verdict in the Hemlock case, resulting in SolarWorld AG being responsible to pay the damage claims.

Who is SolarWorld Industries?

The new entity, SolarWorld Industries GmbH takes over the production facilities and distribution businesses in Europe, Asia and Africa. "We plan to start with a production capacity of 700 MW, which can also be boosted to the previous capacity of more than 1GW. At launch, the company will have 515 employees.

Is SolarWorld a debt-free company?

In the beginning of August 2017, leaving all liabilities behind, all the assets alone were acquired by the original Founder of SolarWorld Ag, Frank Asbeck along with Qatar Solar Technologies (QSTec) to form SolarWorld Industries GmbH, thus becoming completely debt-free and the only Solar Manufacturer in the world with zero-debt and zero liability.

When was SolarWorld founded?

SolarWorld was founded in 1988 as individual company by engineer and chief executive officer Frank Asbeck, and engaged in projects to produce renewable energy. In 1998, these activities were transferred to the newly founded SolarWorld AG, which went public on 11 August 1999.
