GreenTech Solutions prides itself on staying at the forefront of technological innovation. Its products and services incorporate the latest advancements in environmental technology to deliver optimal performance and efficiency.

Who is cleanenergy solutions Namibia?

This collaboration between two solid family-owned companies stems from a shared vision to deliver a remarkable and impactful project in Namibia. Cleanergy Solutions Namibia is leading the development of a green hydrogen production plant in Namibia's Erongo region.

Who is ICT solutions Namibia?

Our company was launched in 2010 as a simple Infrastructure department. During the founding phase, we expanded rapidly, introducing a Software division and a Network and Security department within the first five years. Today we stand as one of the largest ICT solution providers to corporate Namibia.

What is Green Enterprise Solutions?

Green Enterprise Solutions is a Namibian ICT company. They are currently hosting a two-week induction for trainees from NUST, UNAM, and Lingua College. The world is becoming increasingly 'smartified' - from smartphones, smart fridges, to smart companies like Green Enterprise Solutions.

Why should you choose Green Enterprise Solutions?

Your business-critical data could be at risk when internal IT operations are stretched thin, with vulnerabilities often going undetected and patches being missed. By choosing Green Enterprise Solutions as your IT service provider, we will focus on proactively protecting your business and handling your IT needs, allowing you to focus on building your business.
