What is the biggest solar project in Guernsey?

A decision on the application for the 8.33 acre farm, which is a similar size to eight football pitches, will be decided at a later date. Nick Crolla, head of sales and marketing at Rubis, told BBC Radio Guernsey: "It is going to be the largest solar project in Guernsey."

Could a large-scale solar farm be built on a glasshouse site?

A planning application for a large-scale solar farm on a glasshouse site has been submitted. The plans for Les Abreuveurs Solar Farm Project have been submitted by Rubis Channel Islands. Fuel supplier Rubis wants to build the solar farm on the former site of Fresh Guernsey Herbs.

Will Guernsey have a standby charge?

Charges for large scale renewable energy set ups in Guernsey are being scrapped. Standby charges currently only apply where the installed power-generation capacity is above 25kW - the equivalent of about 75 standard solar panels. From 1 April any size of renewable energy installation will not have to pay a standing charge.

5 In 2023 Guernsey Electricity worked in conjunction with The Little Green Energy Company to install the vast community-scale solar array at Grow Limited's newly redeveloped headquarters. The 310 photovoltaic (PV) panels will produce 129-kilowatt peak power (kWp). That's enough electricity to supply power to approximately 35 homes.

A "Solar Farm" can be defined as 1MW and above. Under that power output the term "Solar Fields" is more appropriate. A "Solar Park" may be a collection of Solar Fields or a Farm or several farms.

A decision on the application for the 8.33 acre farm will be decided at a later date. A planning application for a large-scale solar farm on a glasshouse site has been submitted.

"The development is of a significant scale in the context of Guernsey for solar, with available land for large scale projects being limited," he stated in the planning report. "It is understood that we are approximately 50% of the way to the 2025 target of 5MW total installed solar within the island, and the development of this
