McDonald's is today announcing plans to introduce electric vehicle (EV) rapid charging points as standard across new UK Drive-Thru restaurants, through a new partnership with InstaVolt. ...

McDonald's is today announcing plans to introduce electric vehicle (EV) rapid charging points as standard across new UK Drive-Thru restaurants, through a new partnership with InstaVolt. McDonald's ambition is to create a new nationwide charging network to support increasing demand for EVs, as the business looks to play its part in a greener ...

Chemical engineers are suggesting a ban on single-use vapes could help prolong the supplies of critical materials needed for electric car batteries.

Known as the Heard Island and McDonald islands, they are among the most remote places on Earth: a haven for marine life amid the vast ocean, virtually undisturbed by ...

The subantarctic island group of Heard Island and McDonald Islands (HIMI) is located in the southwest Indian Ocean at about 53°S, 73°30'E. The islands are around 4,100 kilometres southwest of Perth, Western Australia, 4,700 kilometres southeast of Africa and 1,000 kilometres north of Antarctica.

Heard Island and the McDonald Islands are free from introduced predators and provide crucial breeding habitat in the middle of the vast Southern Ocean for a range of birds. The surrounding waters are important feeding areas for birds and some scavenging species also derive sustenance from their cohabitants on the islands.

The subantarctic island group of Heard Island and McDonald Islands (HIMI) is located in the southwest Indian Ocean at about 53°S, 73°30'E. The islands are around 4,100 kilometres ...

The Heard & McDonald Islands site in Australia was inscribed on the World Heritage List in 1997. As the only volcanically active sub-Antarctic islands, Heard and McDonald provide the opportunity to observe ongoing geomorphic processes and glacial dynamics.

Known as the Heard Island and McDonald islands, they are among the most remote places on Earth: a haven for marine life amid the vast ocean, virtually undisturbed by human pressures.
