

African independent power producer Globeleq has finalised its acquisition of a 75% stake in the 41MW Central Solar de Mocuba solar project in Mozambique from Norwegian firm Scatec and...

This initiative aims to support decentralized utility solar photovoltaic (PV) and battery energy storage system (BESS) projects, to be implemented by Independent Power Producers (IPP) across several provinces.

Mozambique's renewable energy landscape is in its infancy, with 60 MW of installed solar capacity in 2022. However, the Mozambican government have a vision for the country, based on clean ...

Mozambique's Ministry of Mineral Resources and Energy (MIREME) has announced the launch of a new tender for decentralized solar photovoltaic (PV) and battery energy storage systems (BESS) projects. Funded by a grant from the German Government through the KfW Development Bank, the initiative is part of the GET FiT Mozambique program ...

On 14 September 2020, H.E. Filipe Nyusi, President of the Republic of Mozambique, Hon. Carlos Zacarias, the Minister of Mineral Resources and Energy and other distinguished guests officially inaugurated the Cuamba Solar plant, which is Mozambique's very first combined utility-scale solar and energy storage plant.

Samir Salé, country and business development director of Globeleq, talks to The Energy Year about fast-tracking renewables projects in Mozambique and the potential of solar generation and battery storage in the country's energy mix. Globeleq develops, operates and builds utility-scale power plants in Mozambique and across Africa.

Mozambique's energy regulator has launched a tender for solar-plus-storage hybrid projects across several provinces. The deadline for applications is Sept. 13.

This info session aims to brief developers, independent power producers, financiers, and other stakeholders about upcoming solar and energy storage tenders in Mozambique under the GET FiT Programme. It covers program and tender specifics, participation criteria, timelines, and opportunities for developers, sponsors, and financiers to contribute ...

Residential Solar Systems. Plug& Play off-grid solar AC systems with storage capacity of 2-6kWh. Tailor designed hybrid systems in the range of 3-50kW for homes, lodges, public facilities and small businesses.

On 14 September 2020, H.E. Filipe Nyusi, President of the Republic of Mozambique, Hon. Carlos Zacarias, the Minister of Mineral Resources and Energy and other distinguished guests officially inaugurated the Cuamba ...

Home solar energy storage Mozambique

Globeleq, Source Energia, and Electricidade de Moçambique have received formal notification from EDM that commercial operations at the 19 MWp Cuamba solar PV and 7 MWh energy storage plant began on 12 September 2023.
