Multiple AF5000W-LF can be connected in parallel to expand capacity and power, 15 AF5000W-LF can be connected in parallel at most. PRODUCT OVERVIEW AF5000W-LF is a lithium battery with an operating voltage range between 45.6~56.16V. It is designed for residential energy storage applications and works together with a 48v battery hybrid inverter.

AF5000W-LE is a Low-voltage Lithium-iron Phosphate Battery energy storage system. Please read this manual before you install the battery and follow the instruction carefully during the installation process.
