

Iran greentech solutions

What does GreenTech do?

Greentech is committed to promoting cost-effective solutions through the implementation of innovative green technologies, enabling a more efficient work environment for your facility.

Why should you choose GreenTech Solutions Group?

GreenTech Solutions Group delivered lighting solutions for Acucote Inc., which resulted in a 67 percent reduction in annual lighting energy. Because the operating costs of energy efficient lighting as a service are so low, our customers see an immediate positive cash flow after upgrading. **MONTHLY PAYMENTS THAT ARE LOWER THAN THE YIELDED SAVINGS**

Is GreenTech a good company?

GreenTech is quick to respond and offers competitive prices. Scheduling is easy and fast. They do a great job, and they clean up the site as if they were never there. They even did a walkthrough with me to make sure I was satisfied with the job and showed me how to change the different settings in the lights.
