

What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest. Panels lay flat on the ground.

What is a mobile solar power container?

A mobile solar power container is a self-contained energy system that integrates solar panels, battery storage, inverters, and other electrical components... Mobile solar power containers have become a transformative solution for delivering portable, reliable, and sustainable energy to remote sites, construction...

How many households can a solar Container Supply?

Based on an average power consumption of a 4-person household of 4000 kWh per year and a location in Southern Germany, the solar container can supply approx. 32 households with climate-friendly electricity. At a location in Southern Europe it can even be up to 50 households due to the high solar radiation.

Why do you need a solar container unit?

Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere. With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours.

DongJun Technology Co., Ltd. The latest release of our full-wave electromagnetic simulation software EastWave 5.1 is now available. It brings a lot of improvement in usability to enhance user experience ...

EastWave is a full-wave EM simulation software package based on FDTD method while includes predefined workflows and special numerical techniques to simplify and accelerate simulation of some ...

DongJun Technology Co., Ltd. Radar Cross Section HOME > Solution > Radar Cross Section Scattering Center Imaging and Stealth Optimization of a Ship Date:2016-09-23

With an experienced R& D team, we are able to design and manufacture solar power pods with superior performance and cost-effectiveness according to the ...

DongJun Technology Co., Ltd. Radar Cross Section HOME > Solution > Radar Cross Section Prev:Scattering Center Imaging and Stealth Optimization of a Ship Next:Monostatic RCS ...

DongJun Technology Co., Ltd. Anechoic Chamber/Signal Coverage HOME > Solution > Anechoic Chamber/Signal Coverage Prev:Effect of Bragg Diffraction in Anechoic Chamber Next:NO Product ...

Japan dongjun solar container technology co ltd

DongJun Technology Co., Ltd. Especially, EastWave developed fast computation techniques based on FDTD solver to specifically improve simulation efficiency of some common simulation tasks, such as ...

DongJun Technology Co., Ltd. Antenna Array HOME > Solution > Antenna Array Prev: NO Next: Simulation of a Microstrip Reflectarray Antenna Product Solutions Support News & Events ...

DongJun Technology Co., Ltd. Metamaterial and FSS HOME > Solution > Metamaterial and FSS Prev: FDTD/PO Hybrid Simulation of Large Curved FSS Next: NO Product Solutions Support News ...

DongJun Technology Co., Ltd. [Use reminder] EastWave HOME > Support > [Use reminder] EastWave User reminder -14 - -15 of 0 Entries Frist Prev 1 Next Last

DongJun Technology Co., Ltd. Radome HOME > Solution > Radome Prev: Monostatic RCS of Antenna Array with FSS Radome Next: Radome Effect on a Vivaldi Phased Array Antenna Product Solutions ...

DongJun Technology Co., Ltd. DongJun Technology Co., Ltd. 9B Hengtong International Mansion 855 Changning Road Changning, Shanghai 200050 China Phone: +86 21 5238 5879 ext. 807 Fax: +86 ...

DongJun Technology Co., Ltd. ntact Us Radome HOME > Solution > Radome Prev: Transmission/BSE Simulation of an Airborne Radome Next: Analysis and Optimization of a ...

DongJun Technology Co., Ltd. Metamaterial and FSS HOME > Solution > Metamaterial and FSS Extraction of Equivalent Parameters of Metamaterial Date: 2016-09-26

Simulation of a Semi-open Anechoic Chamber Monostatic RCS of Antenna Array with FSS Radome Simulation of FSS Elements Scattering Center Imaging and Stealth Optimization of a Ship Monostatic ...

DongJun Technology Co., Ltd. Due to copyright restrictions articles are not available for download. They are however indexed on this site o Thesis More>> o Journals More>>

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks ...

DongJun Technology Co., Ltd. HOME > Solution > Radar Cross Section Prev: Monostatic RCS Simulation of an Antenna Array Next: Monostatic RCS of Antenna Array with FSS Radome

DongJun Technology Co., Ltd. Antenna Array HOME > Solution > Antenna Array Prev: Scan Blindness of a Log-periodic Phased Array Next: NO Product Solutions Support News & Events About DongJun
