

Jersey portable solar generator with solar panels

The stronger the sunshine, the more electricity is produced. Groups of cells are mounted together in panels or modules that can either be mounted on your roof or on the ground. The power of a PV cell is measured in kilowatts peak (kWp). That's the rate at which it generates energy at peak performance in full direct sunlight during the summer.

Connect Battery Pods with Solar Smart Panels & Solar Power Pods to save more energy. Power large and small sites. Scale up or down with your project needs.

Best Solar Generator Overall - AFERIY Portable Power Station 2400W; Best portable solar generator - Jackery Portable Power Station Explorer 500; Best for fast charging - VTOMAN FlashSpeed 1500 Power Station; Great for camping - Anker SOLIX C800 Portable Power Station; Cheap option - BEAUDENS Portable Solar Power Station

Turn your home into an energy saving asset with Solar PV Technology. Solar Photovoltaic (PV) provides extra on-site electricity, ensuring your regular connection to the power grid. Daylight powers your panels, offsetting grid electricity purchases, saving you money.

SunWorks have powered more homes with solar around Jersey than any other firm. We are Jersey's only dedicated PV provider so you can be sure of great service and the best suited PV system. 01534 498822 info@sunworks.je

Add more capacity to your solar power generator system by plugging in Solar Smart panels directly to the Solar Pod. An optional mains power input is also available with our hybrid power generators. This will by-pass the generator and ensure only solar/batteries/mains are used. 100% zero noise operation.

Embedded generators like wind turbines and solar panels are connected to your electricity supply and provide electricity for onsite use. They also have the capability to export back to the grid. Close

Jackery global top-selling solar generators combine portable power stations with solar panels to convert the sun's energy into electricity to power your appliances during camping, RV, and as a backup power supply for home and emergency.

Harness the energy from our own domestic solar installation to power your home's appliances and heat your hot water with our unique Smart Solar offer, when switching to electric heating. Jersey's Rooftop Revolution
