

Jiangsu green power pv co ltd Faroe Islands

Jiangsu Green Power PV Co., Ltd (GPPV) is a high-tech enterprise specialized in the R& D, production, marketing and serving of solar cells, solar modules as well as photovoltaic generation systems. In 2008, we started to sell solar modules and in 2009, it put four international advanced solar cell production lines into operation.

Our mission is to cope with climate change, develop sustainable energy solution, provide people with green power through advanced solar photovoltaic technology and create a beautiful green life for human beings.

With a strong focus on innovation, Jiangsu Green Power Pv Co Ltd has become a trusted partner for governments, businesses, and individuals who are committed to reducing their carbon footprint and promoting sustainable development.

Warmly celebrate the smooth operation of the full automatic production line of green energy power! Green power has an annual output of 166-182mm battery, large size and high efficiency battery pack capacity of 500MW!

Jiangsu Green Power PV Co., Ltd,(GPPV) established in July 2008, is a high-tech enterprise which professionally researches, produces, sells and provides service of crystalline silicon solar cells, solar modules as well as photovoltaic power generation systems.

Jiangsu Green Energy Power Technology Co. Ltd. (GEP-Solar Manufacturing) is a world-leading Manufacturer of Silicon Photovoltaic Modules, with an annual power production capacity of over two Gigawatt.
