Checkliste Projektentwicklung INTILION | scalestac Vielen Dank, dass Sie sich für ein Produkt von INTILION entschieden haben. ...

INTILION scalestac 154 KWH / 75 KVA. Als Gegenstück zum Outdoor-freudigen Intilion Scalebloc bleibt sein größerer Bruder, der Scalestac, lieber Indoor. Dafür ist er das passende Kaliber für große Anwendungen. Mit Wechselrichtereinheiten & 25 kVA lassen sich bis zu 400 kVA Ausgangsleistung pro System zusammenstellen.

INTILION | scalestac Secure. Scalable. Economical. An overview of all highlights Modular and flexibly expandable battery storage system at the power and capacity level First standardised system with charge/discharge performance up to 2C Plug & Play, all-in-one, AC-coupled solution 123/154 kWh nominal energy capacity

INTILION Aktiengesellschaft | Wollmarktstraße 115c | 33098 Paderborn | +49 (0) 5251 69 32 0 |
Garantiebedingungen für das INTILION scalestac Speichersystem . 1. Das INTILION scalestac Speichersystem ist ein AC -gekoppeltes Batteriespeichersystem für die Verwendung im industriellen

INTILION | scalestac is an AC-coupled battery storage system and in grid-building operation, it is primarily suitable for the "behind-the-meter" application. There are three important features that are worth mentioning for the behind-the-meter field of application: The system interacts with the energy meter at the operating company's mains...

en Operating Instructions - INTILION | scalestac 1.2 1.3 Performance guarantee INTILION | scalestac comes with a performance guarantee which covers a period of 120 months or an energy throughput (1 energy throughput = charge and discharge of 90 % of nominal energy quantity) of 600 MWh in total - whatever occurs first.

INTILION | scalestac power boost Technical data System type: AC-coupled system IP 20 ... Bulgaria, Croatia,

Estonia, Iceland, Latvia, Lithuania, Macedonia, Montenegro, Serbia, ...
