

Renewable Energy. Our GES (Solar Power Plant) project in Montenegro, which is being carried out by Agenos Energy, which operates abroad within OC GROUP, will be built on an area of 125 hectares and will have an installed capacity of 100 MW.

Montenegro's Agenos Energy plans to build a 100 MW solar plant in the southern municipality of Niksic, local media reported on Friday.

Agenos Energy and CGES AD Podgorica have joined forces to build and connect an 87.5 MW solar park in Vracenovici, Montenegro, near the border with Bosnia and Herzegovina. The project, which is expected to be operational in 2028, will be connected to the grid via a new 220/110 kV substation in Vilus, which will also supply other solar plants ...

Montenegro's Agenos Energy plans to build a 100 MW solar plant in the southern municipality of Niksic. The plant will span a total of 125 hectares and be built in the village of Vracenovci, SeeNews.ro reported.

Montenegrin developer Agenos Energy and CGES AD Podgorica, an electric power transmission system operator, have signed a contract for the construction and grid connection of a 87.5 MW solar...

The interest of companies in investing in renewable energy sources is not waning, so another solar power plant will be built in Niksic, more precisely in the Vracenovici settlement. It is an investment planned by the company Agenos Energy from Podgorica, and according to the conducted analyses, it was determined that the possible capacity ...
