What does Nordic batteries do?

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems. At Nordic Batteries we focus on what is important: safety, reliability and performance.

What is Nordic battery Thursdays?

The webinars will look into topics such as recycling, critical minerals and mining, big data and traceability and battery strategies. Nordic Battery Thursdays is a part of the Sustainable Minerals program which is one of eight initiatives launched by the five Nordic ministers of trade and industry.

What is Nordic Innovation?

Nordic Innovation will fund a webinar series dedicated to Nordic collaboration and opportunities within the battery business. Currently the volume of recovered metals used in battery manufacturing is low.
