

Perc solar panel Algeria

The company Zergoun Green Energy starts up a solar panel production plant. Location: Ouargla. Production capacity: 180 MW of solar panels/year. Surface area: 9,200 m². Production: mono PERC M3 modules of 5 and 6 busbars, power 405-415 Wp. Factory automated to 95 %. Direct jobs: 150. Investment: >11 MEUR.

Our facilities in Ouargla, Algeria, use fully automated equipment combined with quality control procedures to produce high-end photovoltaic modules. We are currently producing Modules using mono PERC cells of M2 and M3 technology of 5 busbars.

The development of a solar module manufacturing industry is being supported by the Algerian government through domestic content requirements in tenders for large scale PV projects.

According to the first annual report of the Commissariat for Renewable Energies and Energy Efficiency (Cerefe), two new factories for the production of solar panels will soon see the light of day in Algeria. These installations built by Milltech and Zergoun Green Energy can supply 260 MWp of solar panels per year.

The solar panel manufacturing plant in Ouargla, which is expected to raise its capacity by 300 MW, is part of a series of projects approved by the Commissariat aux Energies renouvelables et à l'efficacité énergétique (CEREFÉ) to produce solar panels locally.

ZGE aims is to develop in the renewable energy sector in Algeria, in particular through the production of PV modules through the launch of one of the largest highly automated production lines in Africa with a capacity of 200 MW per year.

The Algerian company Zergoun Green Energy is officially commissioning its solar panel production plant in Ouargla. The plant, which has a production capacity of 180 MW of solar panels, will equip the clean energy plants being developed in Algeria.

The Algerian company Zergoun Green Energy is officially commissioning its solar panel production plant in Ouargla. The plant, which has a production capacity of 180 MW of solar panels, will equip the clean energy ...

The Swiss company Terra Sola Group AG and its Algerian subsidiary Terra Sola PV Production SARL, together with the Chinese consortium partner Jinergy, have confirmed the construction of the largest factory for PV solar modules on the African continent in Ras El Ma / Sidi Bel, Algeria as part of the integrated \$ 5 billion solar program ...

Zergoun Green Energy Solar Panel Series Mono-PERC Technology M2 72 Cell 375W-390W Power Range. Detailed profile including pictures, certification details and manufacturer PDF
