

Port moresby solar container subsidy policy document announcement

Will IFC's off-grid solar program work in Port Moresby?

The move follows a request by PNG Power for IFC to build on its successful off-grid solar program, Lighting PNG, to help the power company's business customers access a pilot program. The aim is to initially allow about two percent of peak demand for electricity in Port Moresby to be generated from rooftop solar.

What is Papua New Guinea's rooftop solar project?

Project Info: PNG Power Rooftop Solar Project by PNG Power and IFC **Project Details** IFC, a member of the World Bank Group, and PNG Power Limited have begun consultations with business on expanding renewable energy sources in Papua New Guinea with a proposal for a pilot rooftop solar program in the capital, Port Moresby.
