

Power group Belgium

Powering Belgium. With Belgian federal and regional elections coming up in June this year, Elia Transmission Belgium's memorandum outlines the energy-related challenges that our next leaders will face.

Elia Group supplies 30 million end users with electricity through its subsidiaries in Belgium (Elia) and in the north and east of Germany (50Hertz). In addition to its activities as a transmission system operator, Elia Group provides consulting services to international customers through its subsidiary Elia Grid International.
