Who is Sahara power group?

Sahara Power Group is the largest private vertically integrated power company in Sub-Saharan Africa owning several power generation plants including Egbin Power Plc - the largest thermal power generation plant in Sub-Saharan Africa and Ikeja Electric.

Who is Sahara energy resource limited?

Sahara Energy Resource Limited, the first Sahara Group company was established with initial focus of trading petroleum products - flagging our phenomenal journey towards bringing energy to life. Expanded our business into the Middle East and North Africa through trading and storage operations in the United Arab Emirates.

Is Ikeja Electric part of Sahara power group?

Ikeja Electric is an affiliate member of the Sahara Power Group. Sahara's Upstream division is one of Africa's leading independent E&P players. In 1998, Sahara's trading hub was established in Geneva, Switzerland. Sahara Group has a combined LPG vessel capacity of over 76,000 cubic metres. The Sahara Spirit...

Is the Sahara a potential battery for Europe?

The Sahara has long been viewed as a potential battery for Europe, using CSP. In 2013, the EUR400bn Desertec project collapsed after the two advocates, Desertec Foundation and the Desertec Industrial Initiative, fell out, each accusing the other of poor communication. TuNur believes that now is the time for solar in the Sahara to finally take off.

Could Sahara solar power 2 million European homes?

Heat will be stored in molten salts that run through these towers, heating steam to turn turbines but also, as the salt can hold heat for hours, power can be generated long after the sun stops shining. If given the go-ahead, Sahara solar could provide power to two million European homes.

What does Sahara group do?

Sahara Group has been involved in initiatives, alliances and activities aimed at developing and strengthening its corporate governance and compliance systems. One of these alliances include our partnership with the World Economic Forum - Partnering Against Corruption Initiative (PACI). Sustainable Development Goals Funds (SDGF).

Entered into the power sector via acquisition of equity stake in Egbin Power Plc; the largest of power plant in Sub-Saharan Africa. We became the first "non-major" international aviation fuel marketer to supply Nigerian and international airlines - Expanded operations into Asia and became the first
