Moin zusammen, gibt es hier jemanden, der Erfahrungen mit diesem Speichersystem hat und kann was sagen zu Kosten und sonstigen Erfahrungen? Prolux STORAC | Redox-Flow Speicher: sicher, langlebig und nachhaltig (prolux-solutions)...

The STORAC battery storage system is the sustainable alternative to conventional battery storage systems that keeps its value. As a decentralised storage solution that supplies electricity, it makes a power supply from 100 % renewable energies possible at all, even when there is no active renewable energy, for example no solar radiation.

German redox flow battery manufacturer Prolux Solutions, a unit of Swiss building supplier Arbonia, has developed a new residential storage system with a capacity of 10 kWh. It claims that the STORAC 4/10 battery has a charging and discharging capacity of 4 kW and a peak power of 5 kW.

Prolux Solutions is starting the rollout of its long-life battery storage for homes. The STORAC home storage system uses non-combustible redox flow battery technology and is produced in Europe in favour of short delivery distances. The 6 kWh storage unit was specially designed for private homes and intensively tested in practice.
