

Reinvent energy solutions Equatorial Guinea

Will Equatorial Guinea fulfil its promise as a gas "mega hub," or will stalled negotiations turn what should be a national economic boon into a missed opportunity? The answer depends largely on how quickly the country can nail down gas supply agreements from Nigeria and Cameroon. Right now, things don't seem to be moving nearly fast enough. Will ...

With qualifications and expertise in power electronics (involving work on technology rated at >60V), the Reinvent Energy team have had success in assisting importers, electricians and homeowners in the repair of faulty solar ...

The network, once operational, will bring in a new era of energy development and monetisation for Equatorial Guinea and its neighbours. We have also agreements in place with Nigeria and Cameroon, as part of the Gas Mega Hub, to maximise our midstream and downstream operations.
