

RÃ©union solar trading

What is Reunion Finance?

Reunion is a technology-enabled finance company called Reunion that guides tax credit buyers and sellers step by step through the transaction process. We have the highest quality projects on our platform and mitigate risk through our proprietary diligence, diversification, insurance, and administration process.

What is Reunion?

Reunion is a team with extensive experience in clean energy finance transactions. They have led hundreds of such transactions and have valuable insights on structuring deals to maximize economics and minimize risk. Reunion's team has been at the forefront of clean energy financing for the last twenty years.

Why should one invest in Reunion?

One should invest in Reunion because it offers a simpler, faster, and more accessible way to finance clean energy projects compared to traditional tax equity. Reunion's experienced team helps you sell tax credits to a broad pool of corporate investors. The United States has set ambitious targets to mitigate climate change.

How can reunion help a CFO & corporate finance team?

Reunion helps CFOs and corporate finance teams identify and purchase high-quality tax credits from solar, wind, battery, and other clean energy projects. With a focus on risk mitigation, they minimize risk with support from our highly experienced team through each step of the transaction process.
