

Saudi Arabia vision energy solutions company

How will vision industries work in Saudi Arabia & Africa?

We will work with our ecosystem and partners to expand energy storage applications in Saudi Arabia and Africa. Vision Industries is supported by the leadership and resources of its shareholders, two of Saudi Arabia's most successful business conglomerates (Abunayyan Holding and Al Muhaidib Group) with decades of experience in diverse sectors.

Will vision industries boost Saudi Arabia's energy capacity?

In his comments, Ayman Al Hazmi, Chief Executive Officer of Vision Industries, said: "Vision Industries is proud to be part of these joint ventures that will significantly boost Saudi Arabia's capacity to produce energy from renewable sources and contribute to the Kingdom's ambition of generating 130 GW of renewable energy by 2030."

What is vision industries?

Vision Industries aims to catalyze the localization of supply chains in the Solar PV, Wind, Energy Storage and Green Hydrogen sectors by forging partnerships with industry leaders, spurring innovation, and leveraging opportunities created by Saudi Arabia's abundant green energy resources.

What is vision energy & RELC?

It entails manufacturing and assembly of wind turbine generators and components including blades, with a total annual production capacity of up to 4.5 GW. Under this agreement, Envision Energy holds 50% in the JV, RELC 40% and Vision Industries holds 10%.

Why should you invest in Saudi Arabia?

Our markets: Saudi Arabia is at the forefront of a remarkable transformation, aiming to diversify its energy sources and reduce its reliance on fossil fuels. It offers vast opportunities for international renewable companies and investors that are committed to localization.
