

Sinewave energy solutions Slovakia

What is Sinewave Energy Solutions?

Sinewave Energy Solutions is a company that offers turnkey solutions for any electrical problem up to 132kv. They employ highly skilled engineers with a solid technical understanding of electrical engineering to ensure that all electrical networks run safely and efficiently.

Who is sinewave?

Sinewave are the only ICP in the world that have been awarded the B-corp certification. And - not only do we take our own sustainable business practices seriously, we help our clients to reach their goals too. We are an independent connections provider providing High and Low Voltage (HV & LV) electrical services nationwide.

How many sites does sinewave maintain?

We currently maintain over 2500 sites across the UK, you can rely on Sinewave to ensure your electrical network is operating efficiently and to the highest levels of safety. From day 1 we've wanted to do things a little differently. We believe in putting people and planet before profit, looking after our team and investing in them.
