

Solaire panel Seychelles

Welcome to Energy Solutions Seychelles - Leading solar energy company in the Seychelles. We supply and install high quality solar energy systems and solar hot water products in the Seychelles. Our aim is to provide reliable technologies including photovoltaic panels and dependable installation service.

In collaboration with Solar Drive, Sun Tech Seychelles now offers a solar PV conversion kit that transforms the roof of electric-powered vehicles (EPVs) into a solar platform for free charging using the sun's energy.

At Energy Solutions Seychelles we provide a range of services including energy efficient consultation and renewable energy implementation. Our professional staff will guide you through the process of applying for a grid-connect roof mount solar pv photovoltaic system. - Applying to Seychelles Energy Commission

Solar Photovoltaic PV System gallery of installtion in Seychelles - Mahe, Praslin, La Digue and outer islands including domestic, commercial and government.

List of Seychellois solar panel installers - showing companies in Seychelles that undertake solar panel installation, including rooftop and standalone solar systems.

As a trusted solar panel company in Seychelles, we manufacture and supply premium-grade solar panels that harness the power of the sun to generate clean and sustainable energy. Our panels are designed to withstand diverse weather conditions and deliver optimal performance, ensuring maximum energy generation for your specific requirements.

Energy Solutions Seychelles installs a range of PV panels from tired-one manufacturers and supply products to meet your project specifications and budget. Additionally, the efficiency of the panels can be further enhanced by using optimisers.

Energy Solutions Seychelles has been installing solar panels and photovoltaic (PV) systems in Seychelles since 2012 and provides renewable energy products and energy efficiency consultancy.

Seychelles already has in place a renewable energy rebate scheme from the government to encourage inhabitants to invest in photovoltaic solar panels for residential homes and businesses.
