

Solar power world top contractors 2024 Kazakhstan

Where can I find a list of top solar contractors?

For more information on Solar Power World's annual Top Solar Contractors List and additional sublists, visit our Top Solar Contractors home page. Check in with the nation's leading solar construction magazine today. [GET THE ENEWSLETTER](#)

Which countries have a new gigawatt capacity?

Indian and Chinese contractors have taken four of the top six rankings for new capacity thanks to a number of new gigawatt-scale projects in China, India and the Middle East. Other notable climbers are Spain's Elecnor, Germany's Goldbeck Solar, and SENS Iqony (formerly STEAG) - which joins the list for the first time.

What is Wiki-Solar?

Wiki-Solar is the leading authority on utility-scale solar with a database covering over 22,000 utility-scale solar projects, of which about three-quarters are operational. All figures in this release are based on the AC export rating of operational plants. Projects under development are excluded until they have been commissioned.

That significant expansion of the installation market is acknowledged this year in the 2024 Top Solar Contractors List released today by Solar Power World. The Top 5 solar contractors each installed more than 2 GW in 2023, while some exceeded 3 GW.
