We install JA Solar and Sun Power Photovoltaic systems, on-roof, in-roof or ground mounted. We always recommend to use Solar Edge optimisers and inverters to boost output. Solar panel electricity systems, also known as photovoltaics (PV), ...

Isle of Man Solar is a renewable energy company offering state-of-the-art solar solutions and certified and approved installation services for many products on our website. Our fully compliant engineers will carry out all the work.

Manx Solar Electrical Ltd have been installing renewable energies for over 15 years. We install Solar Pv, Tesla Battery Storage, EV chargers and heat pumps. As the first company in the Island to brand solely as a renewable energy installer, we have a wealth of experience and knowledge to pass on to our customers.

If your electricity is supplied with two rates (a day rate and cheaper night rate), the solar + battery combination ensures that peak rate electricity usage is kept to a minimum. Call today 07624 434333

At Nexiom Ltd, we are experts in the installation of renewable energy on the Isle of Man, including solar photovoltaic panels (Solar PV), which can be used to power your home, leading to savings on your electricity bills and reducing your carbon footprint.

Manx Solar Electrical are the Isle of Man's exclusive Stiebel Eltron service partners. We are also a Mitsubishi ASHP service partner and Dimplex approved and accredited installers. Our engineers install high performance JA Solar / REC and Sun Power solar modules together with SolarEdge optimisers and inverters.

Manx Solar Electrical undertakes every aspect of the installation, including annual servicing plus all requisite maintenance work. With utility prices rising and green issues climbing the agenda, there has never been a better time to invest in alternative energy sources.
