PHILIPSBURG--Solar energy appears to be the best option for increasing renewable electricity in St. Maarten, according to TNO, which studied the energy transition in Aruba, Curaçao, and St. Maarten.

The report, facilitated through the National Recovery Program Bureau's "Emergency Recovery Project 1" under the St. Maarten Trust Fund, is aimed at modernising St. Maarten's energy sector to ensure a more sustainable and dependable power system.

Our mission is to provide cutting-edge solar solutions, seamless Starlink installations, and convenient EV charging services tailored to meet the unique needs of Sint Maarten/Saint Martin. Explore a greener, more connected, and energy-efficient future with us !

Most leading hotels and resorts in Sint Maarten are increasingly adopting solar for their daily energy needs. Such private initiatives present enormous opportunities for solar installers and other photovoltaic professionals in Sint Maarten.

Sint Maarten/Saint Martin, the picturesque island in the Caribbean, known for its turquoise waters, vibrant culture, and stunning landscapes, is now on the brink of a green revolution. As the world grapples with the challenges of climate change, this tropical paradise is harnessing the power of the sun to transform its energy landscape.
