Who is Starpower Europe AG?

StarPower Europe AG |585 followers on LinkedIn. StarPower - the independant manufacturer for IGBT and power modules. |StarPower Semiconductor Ltd. is a leading power module company located in Jiaxing China about 59 miles southeast of Shanghai.

Who is Starpower?

Founded in 2005 with venture funds,StarPower designs and manufactures IGBT/MOSFET/IPM/FRD/Rectifier modulesand customized modules for applications in the area of inverters,welding machines,inductive heating,UPS,EV,solar/wind power and etc. in the power range of 0.5kW up to more than 1MW. Modules are manufactured in a clean-room environment.

Where is Starpower Semiconductor located?

StarPower Semiconductor Ltd. is a leading power module company located in Jiaxing Chinaabout 59 miles southeast of Shanghai.

What's new at Starpower Europe?

StarPower Europe has revamped its web presence with a number of great new features to improve speed, searchability multi-device accessibility and usability. Detail StarPower offers a range of Full-SiC half bridge modules in an industry standard 62mm package. Detail

What modules does Starpower offer?

StarPower expands its bipolar modules portfolio with diode modules from 50A to 600A and rectifier modules from 50 - 210 A. Additionally StarPower completes its 600V,1200V and 1700V IGBT series with press-fit modules Detail StarPower offers a range of Full-SiC half bridge modulesin an industry standard 62mm package.

What is new in detail Starpower?

Detail StarPower expands its bipolar modules portfolio with diode modules from 50A to 600A and rectifier modules from 50 - 210 A. Additionally StarPower completes its 600V, 1200V and 1700V IGBT series with press-fit modules Detail
