Our Goal at Battery Depot is to be Your Solution for Batteries for Every Need. If what you use has a Battery, chances are we have it. We stock over 250 different Battery Types and Models, and we source equipment specific batteries as needed.

Some batteries offer massive cranking power. Others, deep cycle reserve power. ODYSSEY Extreme batteries do both. Built with advanced Thin Plate Pure Lead (TPPL) technology, ODYSSEY Extreme batteries deliver engine-cranking pulses up to 2700 amps for 5 seconds, and can handle 400 charge-discharge cycles to 80% depth of discharge.

Specially designed for high efficient discharge and long life application, stationary batteries are used for applications where power is necessary only on a standby or emergency basis. These batteries can be used in ALL brands and models of uninterruptible power supply (UPS) systems as well as many other applications that require batteries.

TRACK automotive, marine and industrial batteries continue to lead the field in terms of quality, availability and service. TRACK batteries are distributed and retailed throughout Trinidad and Tobago and are covered by attractive warranties.
