Contact us today to learn how solar energy can transform your property into a beacon of sustainability in the Isle of Man.

List of Manx solar panel installers - showing companies in Isle of Man that undertake solar panel installation, including rooftop and standalone solar systems.

Manx Solar Electrical are the Isle of Man's exclusive Stiebel Eltron service partners. We are also a Mitsubishi ASHP service partner and Dimplex approved and accredited installers. Our engineers install high performance JA Solar / REC and Sun Power solar modules together with SolarEdge optimisers and inverters.

Looking to upgrade your energy systems? We offer a wide range of services including solar PV, heat pumps, electric vehicle chargers, battery storage systems, wind turbines, air tightness testing, thermography, energy reports, and server room integrity testing. Let us help you find the right solution for your needs.

We install JA Solar and Sun Power Photovoltaic systems, on-roof, in-roof or ground mounted. We always recommend to use Solar Edge optimisers and inverters to boost output. Solar panel electricity systems, also known as photovoltaics (PV), ...

We install JA Solar and Sun Power Photovoltaic systems, on-roof, in-roof or ground mounted. We always recommend to use Solar Edge optimisers and inverters to boost output. Solar panel electricity systems, also known as ...

Controlled by three separate SolarEdge three-phase inverters which convert the power in line with the Isle of Man mains supply. Systems are covered by 25 Year warranties to provide confidence that the system will pay back its investment several times over.

At Nexiom Ltd, we are experts in the installation of renewable energy on the Isle of Man, including solar photovoltaic panels (Solar PV), which can be used to power your home, leading to savings on your electricity bills and reducing your carbon footprint.
