

# Sunlink solar technologies Estonia

Who is SunLink PV?

Founded in 2004, Sunlink PV is one of the earliest manufacturer of solar panel in China dedicated to exploring, innovating and realizing sustainable development and to be a reliable supplier with one-stop solution of green energy.

Is SunLink PV a Tier 1 manufacturer?

SunLink PV is proud to be recognised as a Tier 1 manufacturer of modules placing us within the Top 2% of solar manufacturers worldwide. Sunlink Pv opens new production site for high pv panels. September 2013 Sunlink Pv started a new partnership with a Taiwan company for a new pv panels product line and a testing center.

Why did SunLink invest \$25 million in a new production facility?

In 2009, to coincide with the continuous dramatic growth in the global solar PV market, SunLink invested US\$25 million into building a new production facility and R&D centre, ensuring an increase in our ever expanding market share and further advancing our excellent product quality and services.

What is SunLink PV warranty?

Sunlink PV's products' design and manufacturing are based on 15 years' product warranty for workmanship and materials and 25 years' line output warranty while 30 years' line output warranty for glass-glass products. Sunlink PV have two times tests than average industry during manufacturing.

Why did SunLink start a new partnership with a Taiwan company?

Sunlink Pv started a new partnership with a Taiwan company for a new pv panels product line and a testing center. The new facility will enhance the company's efficiency and strengthen its worldwide and local competitiveness.

Who can join SunLink's premium worldwide sales partners program?

Our Premium Worldwide Sales Partners Program is open to Resellers, On/Off Grid solution providers and Solar PV system integrators worldwide. Founded in 2005, Sunlink is one of the world's leading PV companies.

Construction of the largest solar park in the Baltics officially began yesterday, November 22, as Sunly's co-founder and CEO, Priit Lepasepp, along with partners, ceremonially installed the first solar panels at Risti, Lääne County. The park, which ...

As the world increasingly turns to sustainable solutions, sunlink photovoltaic stands at the forefront of innovation in photovoltaic technology. with a relentless commitment to quality & performance, since 2017 we have established ourselves as a leading manufacturer of PV EVA encapsulation (EVA, POE, EPE) with plant capacity of 5 GW per year ...

# Sunlink solar technologies Estonia

Sunlink PV PERC Module's efficiency up to 21.5% with PERC Technology as well as half cell and MBB high density lamination workmanship. The PERC module's degradation is much lower than traditional BSF technology which's less than 2% of first year and ...

SunLink PV founded in 2004, is dedicated to being a world-class, industry-leading Solar Module and PV Power Generation solutions provider. Specialised in manufacturing high yield and highly efficient solar cells, with solar modules ranging from 5W to 300W in both mono and multi crystalline, SunLink PV has built a strong reputation as a trusted ...

Estonian independent power producer (IPP) Sunly has started construction of a 244MW solar PV plant in its home country. Located in the western county of Lääne, the project is expected to begin ...

Construction of the largest solar park in the Baltics officially began November 22, as Sunly's co-founder and CEO, Priit Lepasepp, along with partners, ceremonially installed the first solar panels at Risti, Estonia. The park, which is set to become operational in the fall of 2026, will have a total capacity of 244 MW and generate electricity ...

Solar Sunlink China is a leading provider of new and clean energy solutions. We specialize in renewable energy, including solar photovoltaic systems. Our company is committed to sustainable developmen

As the world increasingly turns to sustainable solutions, sunlink photovoltaic stands at the forefront of innovation in photovoltaic technology. with a relentless commitment to quality & performance, since 2017 we have established ...

Founded in 2004, Sunlink PV is one of the earliest manufacturer of solar panel in China dedicated to exploring, innovating and realizing sustainable development and to be a reliable supplier with one-stop solution of green energy.

Sunlink PV founded in 2004 is one of the earliest solar module manufacturers in China and has been engaged in green energy production for 20 years. We provide high-efficiency PERC and TOPCON solar panels. At Sunlink, we are building better solar solutions in ...

Together with our lead partner Connecto, Sunly, the project developer and investor, has awarded us the contract for the engineering and construction of the Risti 244 MW solar power plant in Estonia. This impressive solar project is currently the largest PV project in the Baltic States and in Estonia in particular.
