

Syneco energy ltd Ecuador

Who is Syneco Energy Ltd?

We keep our focus on innovative solutions, while utilising our know-how in financial structuring and technological solutions Syneco Energy Ltd are specialists in traditional and renewable energy project management work. We trade in oil, petro-chemical and renewable energy products nationally and internationally.

What is Syneco & how does it work?

SynecO offers Synecoculture, a method of producing useful plants, by planting a wide variety of species in high density and utilizing self-organizing abilities already existent in ecosystems. It aims to recover and augment biodiversity, while producing food, and without the use of plowing, fertilizers, and agrochemicals.

How will Syneco support augmented ecosystem?

In this project, over the course of approximately one year from April 2022, SynecO will support establishing a Synecoculture field within the farm of Inmobiliaria Guangala S.A., one of Itochu Corporation's cacao bean procurement partners, to confirm its multiple effectiveness as augmented ecosystem.

What is Sony Syneco?

Established in April 2021, SynecO is the inaugural project of Sony Innovation Fund: Environment, a Sony Group Corporation venture capital fund. SynecO promotes businesses focused on Synecoculture and other environmental technologies related to augmented ecosystems. It is a wholly owned subsidiary of Sony Group Corporation.
