Embrace the financial benefits of solar energy with Casablanca Power. Our solar panel systems are not just eco-friendly; they are also economically savvy. By harnessing the power of the sun, you can significantly reduce your electricity bills.

That was the case with Concentrated Solar Power (CSP) in the Middle East and North Africa (MENA) region, until Morocco launched its bold program to invest in the technology. With the first phase of the 500 MW NOOR project coming on line earlier this year, the 160 MW NOOR I plant, Morocco is providing an example to the region of the value of CSP.
