How can outsource consultants help a solar contact center?

Outsource Consultants can help improve a solar contact center by quickly connecting you with partners that employ agents trained to develop prospect relationships and lower your back-office costs*. Outsource Consultants has more than 25 years of call center industry experience, focusing on your success.*

Which solar contact center partner is the best?

Outsource Consultants has vetted the best solar vendors in the industry to manage your organization's call center services. Beyond the average contact center partner, they are the best choice for solar contact center services, as most consumers will have hours of self-guided research in their pocket before ever calling your agents.

Why should you hire a solar call center consultant?

Hiring a solar call center consultant from Outsource Consultants can help increase profitability and create better customer experiences in the solar industry.

Who provides better customer service services for the solar industry?

No one else in the customer service industry provides better support services for the solar industry. From sales support to engineering, to customer care, we support the entire customer journey. We are committed to taking the hassle out of the back-office functions relating to getting solar and other renewables installed.

What happens if a solar company doesn't provide customer support?

Lack of customer support throughout the full customer lifecycle, including post-installation, results in solar companies missing out on customer referrals, upsell/upgrade sales and system expansions. CustomerServ's solar energy contact center vendors specialize in providing the following:

Why do solar companies need a call center?

There's no better way to ensure quality control. A call center for solar companies is the perfect answer to so many of the most common administrative challenges. Help your employees keep their focus on the most important tasks on their to-do lists by having only the most important calls forwarded to them.

CallHub's solar call center is equipped with features to drive more sales. Reach more leads, have personal conversations with them, and convert them to paying customers. Automate repetitive tasks so you can focus more on activities that ...

Organize your solar company's call outreach with an efficient outbound campaign. Review each prospect's details beforehand for a personalized approach with the MightyCall auto dialer preview mode, reducing downtime and dialing errors.
